November 2017 Issue 1

## TRIMIS Newsletter

Dear colleague,

Welcome to the first edition of the Transport Research and Innovation Monitoring and Information System (TRIMIS) newsletter.

TRIMIS is an online platform for researchers to share and discuss innovation in mobility in Europe. It is an evolution of the Transport Research & Innovation Portal (TRIP), and incorporates TRIP's database of over 10,000 EU and national transport research projects.

TRIMIS will support the EU's Strategic Transport Research and Innovation Agenda (STRIA), and enable analysis of the effectiveness of transport innovation in delivering the EU's energy and transport strategy.

Please visit the [TRIMIS website](#) to find out more and share information on European transport research and innovation. You may also be interested in the first issue of the bi-monthly [TRIMIS Digest](#) published today which features a selection of short articles on advances in reducing GHG emissions across a range of transport modes.

Kind regards,

**The TRIMIS team**

---

## Highlights

The latest research theme analysis report which pinpoints priority areas to enhance EU transport safety.

Published in October, the 'Cleaner Transport' report identifies key research areas to unlock clean transport potential.

## Announcements

Participate in Survey on KPI for Automated Driving.

Energy Union: Commission takes action to reinforce EU's global leadership in clean vehicles.

## Projects

Performing Enhanced Rail Formal Engineering Constraints Traceability.

Rolling resistance, Skid resistance, AND Noise Emission measurement standards for road surfaces.

## Events

29-30 November, Brussels

1st European Conference 'Results from road transport research in H2020 projects'.

6-7 December, Brussels

2017 Annual Polis Conference.

The contents and views included in the TRIMIS Newsletter do not necessarily reflect the position of the European Commission.

## Beyond this newsletter

**TRIMIS newsletter archive**: Read articles published in past issues of the TRIMIS Newsletter.

**STRIA Roadmaps**: The seven roadmaps of the thematic transport research areas.

The TRIMIS newsletter is published by the Joint Research Centre on behalf of the European Commission.
