

MIGRATION PROFILE

SOUTH SUDAN
END 2017

MP version 3.3
This Structural Migration Profile aims at providing a factual overview on migration and development in a given country. Data refer to the end of the year and come from various publicly available official sources. Data sources may use different collection methodologies. For more details please refer to the Technical Note. The scientific output expressed does not imply a policy position of the European Commission. Neither the European Commission nor any person acting on behalf of the European Commission is responsible for the use that might be made of this publication
